### Personal & Clinical Data

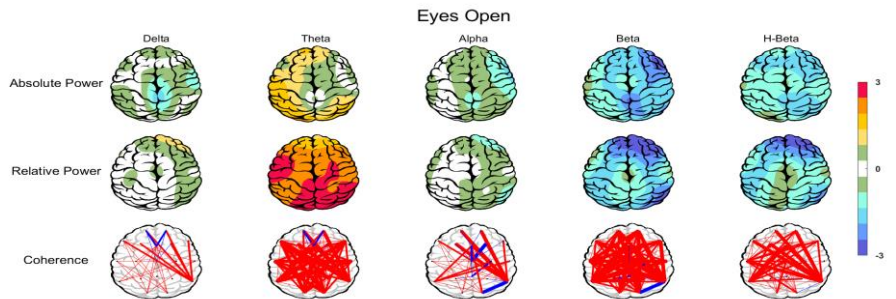

|                     |                                                                                                                                    |                    |             |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------|--------------------|-------------|
| Name                | Abolfazl Vali                                                                                                                      | Date of Recording  | 26-Mar-2024 |
| Date of Birth - Age | 26-Aug-2001 - 22.58                                                                                                                | Gender             | Male        |
| Handedness(R/L)     | Right                                                                                                                              | Source of Referral | Dr Saemi    |
| Initial Diagnosis   | Mood swings- low mood- Irritability- Impulsivity-Racing of thought- sleep problem- self mutilation- Aggrasive-OCD-Bipolar-Migraine |                    |             |
| Current Medication  | Medication Free                                                                                                                    |                    |             |

Dr Saemi

## Z Score Summary Information (EC)

## Z Score Summary Information (EO)

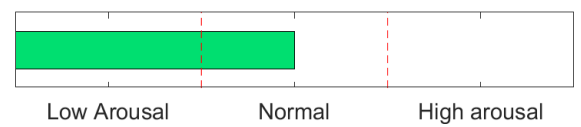

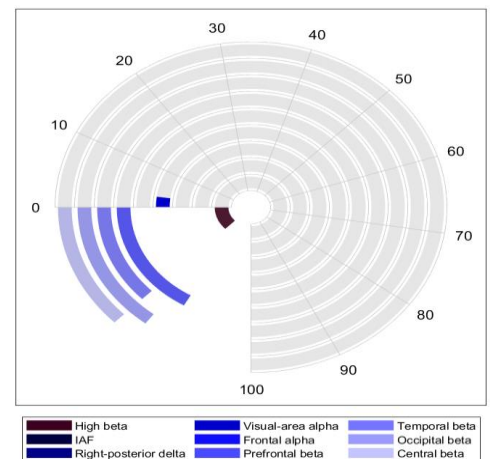

## E.C.T/B Ratio ( Raw- Z Score)

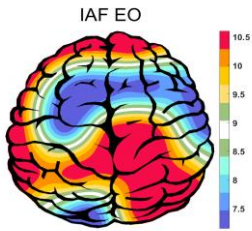

## E.O.T/B Ratio ( Raw- Z Score)

## Arousal Level

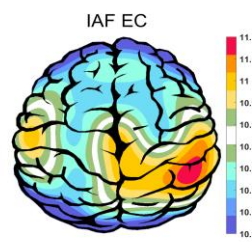

## IAF(EO)

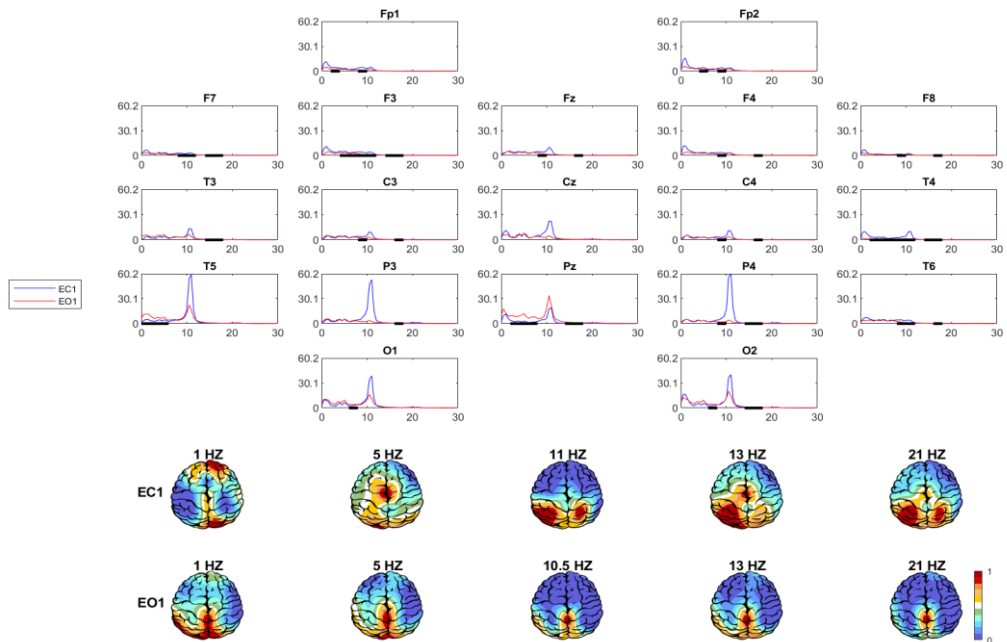

Eye Open IAF= 10.50

## IAF(EC)

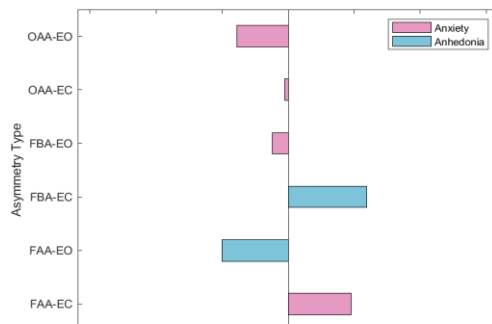

Eye Close IAF= 11.00

## EEG Spectra

## Alpha Asymmetry(AA)

## Alpha Blocking
