

## QEEG Clinical Report

BrainLens V0.4

### Report Description

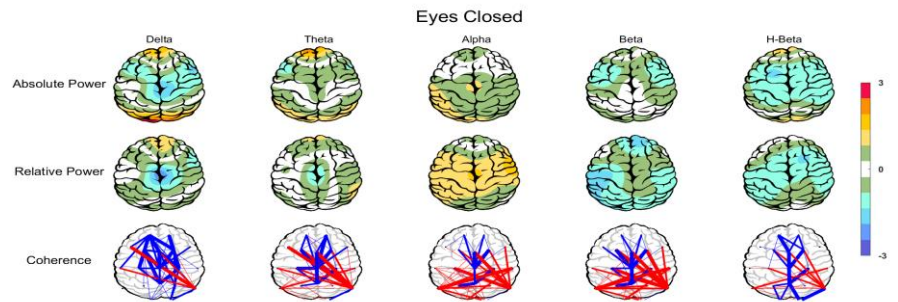

### Personal & Clinical Data

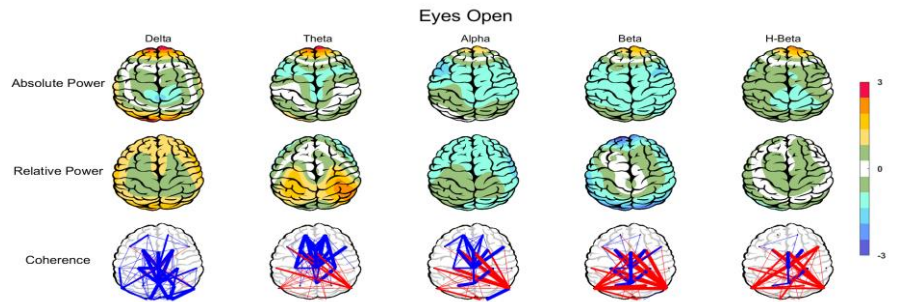

|                     |                                                                                                                            |                    |             |
|---------------------|----------------------------------------------------------------------------------------------------------------------------|--------------------|-------------|
| Name                | Mahsa Nomiri                                                                                                               | Date of Recording  | 22-Aug-2024 |
| Date of Birth - Age | 19-Feb-1997 - 27.51                                                                                                        | Gender             | Female      |
| Handedness(R/L)     | Right                                                                                                                      | Source of Referral | Dr Saemi    |
| Initial Diagnosis   | overthinking- anxiety- moodswing- low memory and concentration- low tolerance level- periodic RLS- headache of the temples |                    |             |
| Current Medication  | Medication Free                                                                                                            |                    |             |

Dr Saemi

## Z Score Summary Information (EC)

## Z Score Summary Information (EO)

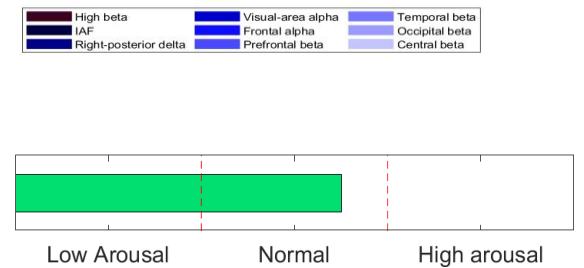

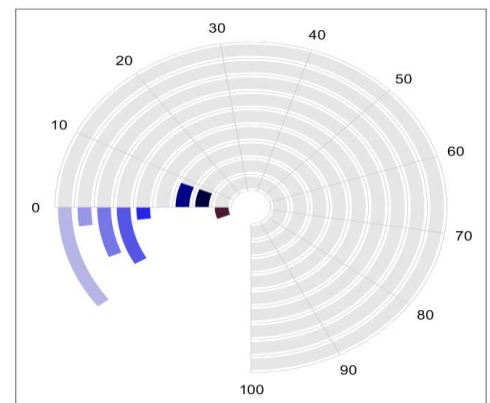

## E.C.T/B Ratio ( Raw- Z Score)

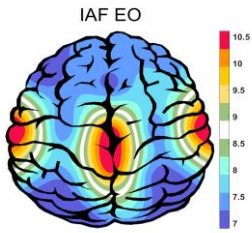

## E.O.T/B Ratio ( Raw- Z Score)

## Arousal Level

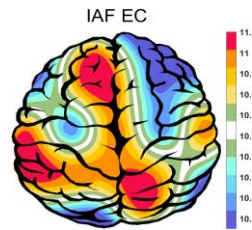

## APF(EO)

Frontal APF= 07.42

Posterior APF= 10.50

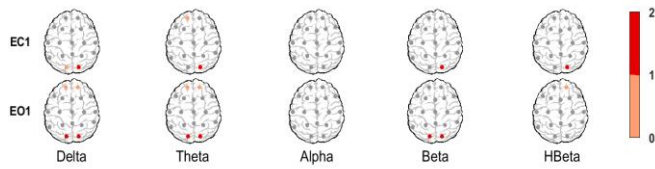

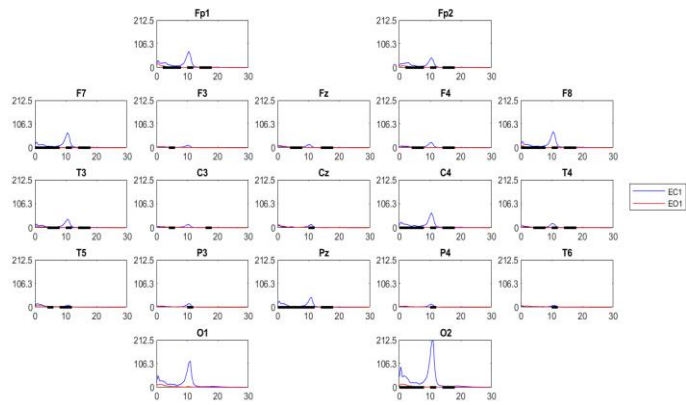

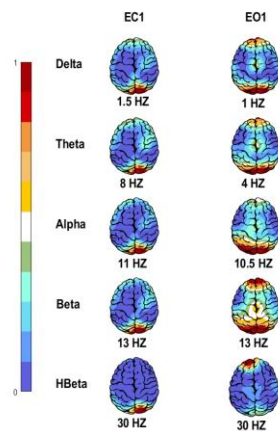

## APF(EC)

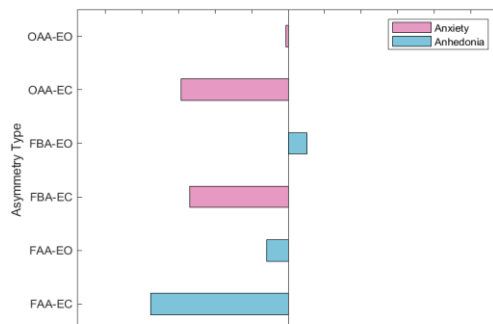

Frontal APF= 10.25

Posterior APF= 11.00

## EEG Spectra

## Alpha Asymmetry(AA)

## Alpha Blocking
