|                     |                                                                                                                                                                                                                   |                    |             |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|-------------|
| Name                | Mohammad Rahimi                                                                                                                                                                                                   | Date of Recording  | 18-May-2024 |
| Date of Birth - Age | 30-Apr-1954 - 70.05                                                                                                                                                                                               | Gender             | Male        |
| Handedness(R/L)     | Right                                                                                                                                                                                                             | Source of Referral | Dr Saemi    |
| Initial Diagnosis   | Low tolerance level - sleep skipping - irritable - sometimes they have a suffocating state - in times of anger, busy thinking and low memory - history of drugs and occasionally recreational opium - low arousal |                    |             |
| Current Medication  | Medication Free                                                                                                                                                                                                   |                    |             |

Dr Saemi

## Z Score Summary Information (EC)

## Z Score Summary Information (EO)

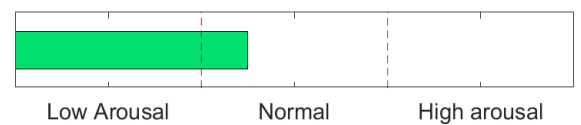

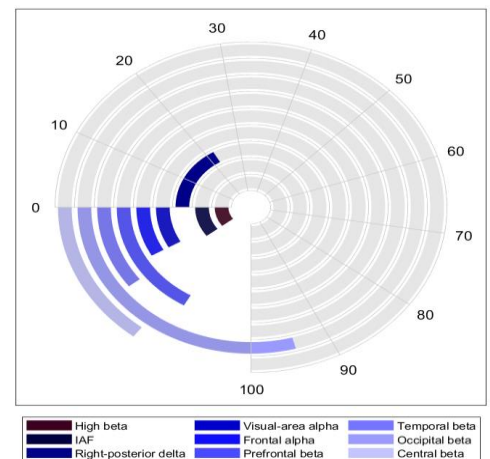

## E.C.T/B Ratio ( Raw- Z Score)

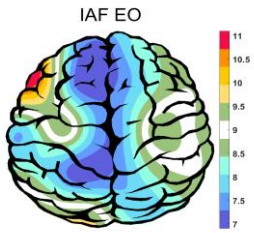

## E.O.T/B Ratio ( Raw- Z Score)

## Arousal Level

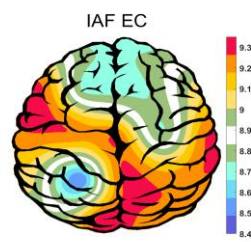

## IAF(EO)

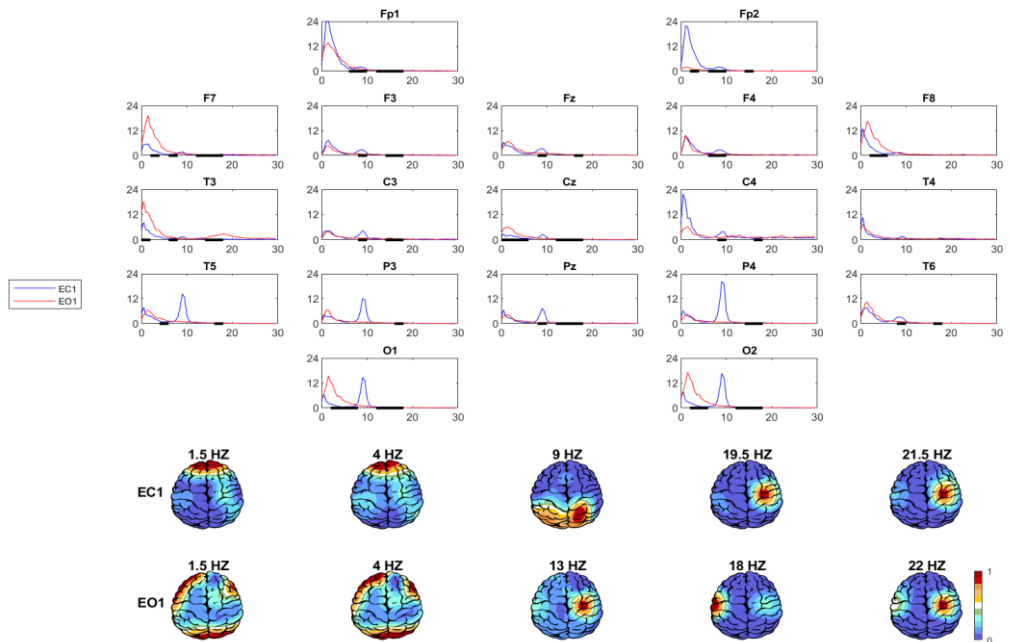

Eye Open IAF= 07.25

## IAF(EC)

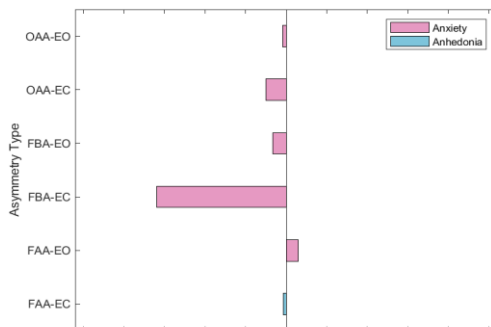

Eye Close IAF= 09.25

## EEG Spectra

## Alpha Asymmetry(AA)

## Alpha Blocking
